You can search for your documents by entering:

- delivery date to Lidl warehouse (maximum range of one month)
- invoice number (only transport from Warszowice and Konotopa)
- loading place
- unloading place
- transport order number (you can find it on the invoice). This is the most precise search filter. You can enter the full order number or part of it (at least 3 signs):
the full transport order number: L999/0003126/06/24
part of the transport order number: 3126

Searching by transport number ignores other search engine fields, e.g. the date range will not be taken into account. Searching in other fields can be unlocked after clearing the "Transport order number" field.

The screenshot shows the 'Logisztika DOKUMENTUMOK' interface. At the top, there is a search bar with a 'KERESÉS' button. Below the search bar is a table with the following columns: 'A szállítás megrendelésének száma', 'A szállítás dátuma', 'A berakodás helye', and 'A kirakodás helye'. The table contains one row with the following data: 'L999/0003218/06/24', '2024-07-04', 'GYAL', and 'ARJA VAS'. To the right of the table is a panel titled 'Dokumentumok' for the selected order. It lists 'Leírás', 'CMR', and 'Vizsgálkozás'. A blue arrow points from the 'CMR' entry in the document panel to the corresponding row in the table.

After selecting a given order, click on it. Here you can download the CMR and „Goods in confirmation”. The documents will be available for download for at least 12 months.
